Reverse Your Life

Have you ever thought about how you can reverse your life, just by the things that you say? The Bible tells us we are more than conquerors with Jesus Christ. *"No, in all these things we are more than conquerors through him who loved us."* **Romans 8:37**

Reverse your thinking and think like God thinks even though we don't understand what is happening around us.

I strongly recommend the book called "Your Life Follows Your Words" by Pastor Darlene Bishop. As we know our life follows our words. This book is the true wisdom of God and I strongly feel that He directed Pastor Darlene's hands in every word she wrote, as well as every thought process she had.

Reverse your thinking to think more like the Master would think. If you are going through a trial ask God to reveal his understanding for us all. No, I am not saying that He caused the situation you might be in right now. However He can use the situation to make you His transformation so put on the brakes and reverse your life. Every time the enemy throws a negative plan toward you, command it to go back to hell where it belongs and know that you are God's workmanship. *"For we are God's workmanship, created in Christ Jesus to do good works, which God prepared in advance for us to do".* **Ephesians 2:10**

When you are going through a traffic light there are three colors of lights: **Red**, **Yellow**, and **Green**. The next time you go through a light ask your Master who drives your life and what light He is going to proceed you to go through that day? As you know, when physically driving a vehicle a **red** traffic light means **STOP**. I am asking you to re-relate this in the spiritual rim now. In the spiritual world when God puts you under a **red** light, it means to stop and listen for the next step in your life. Listen closely and listen quietly because you might miss something. Stop and listen for the next assignment for your life.

When driving a vehicle a **yellow** traffic light means to yield with caution. If God presents a **yellow** light to you, make sure you seek Him greatly. He could be protecting you from the snare of the enemy that you could pay for, for a life

time. Believe me - I have had this happen to me more than once in my own life. I failed to proceed with caution and surprisingly I would not have suffered a broken leg to which I still have complications from.

If God presents you with a **green** light it means everything is okay and you can proceed forth and He has made a complete head way and provision for you. If the **green** light is all you see it means no snares of the enemy is in the future, in regarding to any situation.

I have personally made a vow to God that I will no longer be a part of any denomination as denominational barriers is not what the Kingdom is about. Rather it is about all believers working together for good in the Kingdom of God. I am at the point now if I am not going through a door I will pray and ask God for the keys to the door and

whether He chooses another venue for me to complete the assignment He has chosen me to do. I will not tell Him “no” if He makes head way for me to complete the assignment. We are all one body anyway and we all serve the same God. Watch for the traffic light in your life and take a minute and put your life in reverse.

Sincerely,

Brittany

There will be no “denominations” in heaven.
